AUDIENCES – CHRISTIAN TEACHERS

LUTHERAN EDUCATION CONFERENCES
SUNDAY SCHOOL TRAINING

“

Stephenie Hovland is a real pro presenter, even to the point of anticipating her audience's mood and interests before and during her webinars. Her presentations sound as if she actually stands before you.

She knows her topic well enough to effectively deal with last-minute technical changes and challenges. She sounds “real” even in the remote world of webinars. All that—and she is easy to work with!

SPEAKING TOPICS

For Educators:

Teacher, Come Away and Rest with Jesus — In a chaotic, stressful world, we can find rest in Jesus, our Creator, who promises to restore us and all of creation. This is especially important for teachers who are constantly on the go and can't find time to rest.

Campfire Care: Nurturing Faith through Intentional Spiritual Practices — Explore spiritual care ideas such as meditation, prayer journals, Bible journaling, and devotions to find a unique, personal way to spend more time with God in a way that is meaningful for you.

Equipped for the Journey: Integrating Faith into Every Learning Adventure — Christian teachers can integrate biblical stories and faith concepts into every aspect of their teaching day. Let's talk about how this works. From personal preparation and a strong faith, you can be creative as you intentionally and spontaneously weave faith into everything!
